

Since the death rate of every generation since the beginning of time has been 100% and this generation will be no different, every one is interested in the "Then What?" after death.

Surprisingly, after all the searchings, devisings and experimentation, no one, NO ONE, has ever returned to tell us what its like after death.

Since the Good Book tells us God is the Author of Life, and the Evil One is the Author of Death, it would seem God would also know more about the "Then What" after death than anyone else.

This little volume is dedicated to quoting the Sacred Scriptures on this topic. Not one word of man's ideas, philosophies or dogma - only what God says - no more.

As you peruse this booklet and become aware of how much God knows about "after death experience," my prayer is that you will receive comfort and assurance in a Living God, for Whom death is no problem.
